

# *How fashion has affected necklaces*

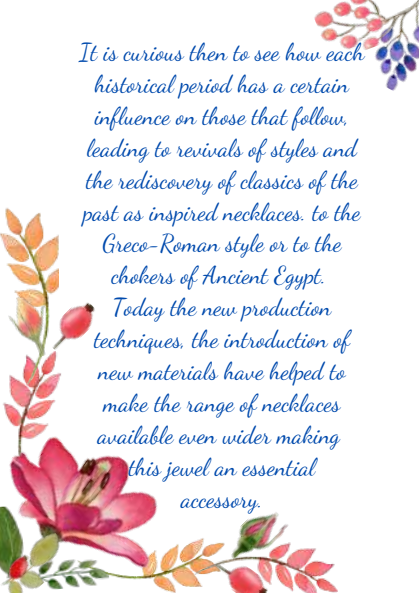

*One of the most fascinating aspects of the history of the necklaces is undoubtedly linked to the style variations that have followed one another over the centuries until reaching the present day.*

*Changes in the way of dressing are among the aspects that have most contributed to influencing the shape and length of necklaces.*

The page is decorated with floral and berry illustrations. In the top right corner, there is a cluster of red and purple berries on a branch. In the bottom left corner, there is a large pink lily flower with green leaves and a stem with smaller red berries. In the bottom right corner, there is a branch with yellow and orange leaves and a red berry. The text is written in a blue, cursive font and is centered on the page.

*More or less low-cut dresses, for example, have favored the spread of more complex and elaborate jewels. This does not necessarily mean that these were not worn even in the absence of necklines in the clothes: think, for example, of all those necklaces made of gold links large ones that embellished the clothes of the Elizabethan era, standing out under elaborate lace gurgles.*

The page is decorated with various botanical illustrations. In the top right corner, there is a branch with clusters of red and purple berries. On the left side, a vertical stem features orange and red leaves and a single red rosehip. At the bottom left, a large, vibrant pink lily flower is in full bloom. Along the bottom edge, there are more stems with orange and red leaves and small red berries.

*It is curious then to see how each historical period has a certain influence on those that follow, leading to revivals of styles and the rediscovery of classics of the past as inspired necklaces. to the Greco-Roman style or to the chokers of Ancient Egypt.*

*Today the new production techniques, the introduction of new materials have helped to make the range of necklaces available even wider making this jewel an essential accessory.*
